

# RACHABATTUNI SUBBARAO

Tenali, Andhra Pradesh

+91-8522809197   subbaraorachabattuni0@gmail.com   LinkedIn   GitHub

## Education

**Vasireddy Venkatadri Institute of Technology (VVIT)**

**2023 – 2027**

*Bachelor of Technology in Computer Science and Engineering (CSE)*

*Guntur, Andhra Pradesh*

- CGPA: 9.0/10.0

## Relevant Coursework

- Data Structures
- Database Management
- Web Technology
- Object-Oriented Programming
- Software Engineering

## Experience

**SmartBridge Education Services Pvt. Ltd. (APSCHE Collaboration)**

**May 2025 – Aug 2025**

*Full Stack Intern (MERN)*

*Virtual*

- Completed a [8-week] intensive training in the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed responsive front-end applications using React.js with reusable components.
- Collaborated on schema design for 3+ database tables, minimizing data redundancy and improving query efficiency.
- Translated UI/UX designs into responsive web pages using HTML5, CSS3, and JavaScript (ES6).

## Projects

**College Events Management System** | *HTML, CSS, JavaScript, Node.js, Express.js, SQL* |  

- Designed and built a centralized event management platform supporting 15+ concurrent college events with real-time registration tracking.
- Implemented secure user authentication and role-based access control, separating student, organizer, and admin permissions across 3 user roles.
- Built a relational database schema in SQL to manage 500+ participant records, reducing manual event-tracking effort by an estimated 40%.
- Collaborated with a team of 4 developers using Git for version control and code reviews.
- Engineered a responsive front end with HTML5, CSS3, and JavaScript, ensuring consistent usability across desktop and mobile devices.

**Village Job Search Portal** | *React.js, Node.js, Express.js, SQL* | 

- Built a platform connecting 100+ rural job seekers with 20+ nearby employers, addressing limited access to local employment information.
- Designed a simple and accessible interface connecting job seekers with employers through a digital platform.
- Developed a SQL-backend with normalized database schema, supporting 10+ job categories and enabling search across 50+ locations.
- Implemented a mobile-friendly interface with multiple reusable React components to support easy navigation for first-time internet users.

## Technical Skills

|                  |                                            |
|------------------|--------------------------------------------|
| Languages        | : C, Java                                  |
| Web Technologies | : HTML, CSS, JavaScript                    |
| Frameworks       | : Bootstrap, React(Basics)                 |
| Databases        | : SQL                                      |
| Developer Tools  | : Git, GitHub, Visual Studio Code          |
| Soft Skills      | : Communication, Problem Solving, Teamwork |

## Certifications

Object Oriented Programming through Java — Codetantra  
HTML, CSS & JavaScript: Building the Web — LinkedIn Learning  
Responsive Web Design — freeCodeCamp
